Summary of Activities – July 2008

Met with Tanner Johnson projects coordinator for Sen. Landrieu and discussed outcome of various bills funding bill working their way through congress. The Corps of Engineers and other agencies, because of the state of the economy, have taken a position of no new projects added to budget which did not bode well for St. Charles Parish funding requests. I have invited Tanner Johnson as well as Charles Brittingham of Senator Vitter staff and Chris DeBosier LD for Congressman Melancon to St. Charles Parish during the month of August to brief parish president and council on activities of the congress and how we can prepare for things moving forward. I am working out scheduling of these meetings at this time.
